Welcome

The cutest, funniest and most action-packed film festival in Australia returns in 2024 for a whole month of movies that will have our youngest cinephiles and their families delighted and enthralled.

More than ever, our program reflects our passion for presenting our audiences with films that represent all corners of the world. There are animals in the Amazon, mysteries on an African nature reserve, science experiments in a US high school, eagles raised by chickens in China, hungry bears travelling to the north and south poles, anxious monsters in Spain and a cat in Paris.

In a Special Presentation, we are showcasing the acclaimed *Sirocco and the Kingdom of the Winds*, a fantastical dive into the world of dreams and imagination that is a treat for the senses, described by Variety as France's answer to *Spirited Away*. We also present a Family Fun Day of the highly anticipated new film from Pixar Animation Studios, *Inside Out 2*.

CHIFF favourites return: the Moomins and Billy the Cowboy Hamster are back for more adorable adventures, and we are excited to share the new film from the grumpy bear and adorable mouse best friends Ernest and Celestine.

From heartwarming family drama to fantasy, superheroes and sporting tales, films for pre-schoolers and older kids (and adults!), animation and live action, there is truly something for everyone at CHIFF.

Sirocco and the Kingdom of the Winds

Director: Benoît Chieux • Belgium, France • Language: English/French with English subtitles
2023 • 74 mins • Recommended for ages 7+

**SPECIAL
PRESENTATION**

Drawing comparisons to iconic animated films such as *Yellow Submarine* and the films of Hayao Miyazaki, as well as classic children's stories *Alice in Wonderland* and *The Wizard of Oz*, this fantastical dive into the world of dreams and imagination is a treat for the senses.

Sisters Juliette and Carmen's love for reading fantasy books takes on a whole new dimension when they fall into their favourite novel, *Sirocco and The Kingdom of the Winds*. Now transformed into humanoid cats, the sisters are quickly separated in this new land, which features flying divas, technicolour dragons, and other mind-melting creations, including the mysterious blue-haired wizard Sirocco, who can control the winds. While Juliette and Carmen must figure out how to reunite and escape back into the real world, they find it harder than they imagined to leave their new magical world and curious friends.

The festival will screen two different versions of the film: English dub and French with English subtitles. For more info see pages 31-33.

Chicken for Linda!

Director: Chiara Malta, Sébastien Laudenbach • France • Language: French (English subtitles)
2023 • 73 mins • Recommended for ages 8+

This stunning animation bursting with humour and pathos is winning animation and children's film awards all over the world.

Paulette is trying to make up for unjustly punishing her daughter Linda by cooking her favourite meal of chicken with peppers, which reminds Linda of her father. But with a general strike closing stores all across town and pushing people into the streets, this innocent request quickly leads to an outrageous series of events that spirals out of control.

Run-ins with a cavalcade of hilarious characters — a keen police officer, a watermelon truck driver with allergies, Linda's grandma and Paulette's bad-tempered sister — make the quest to find a chicken almost impossible. And unbeknownst to Linda, the search for the delicious chicken dish will unlock some emotional memories.

Screens in French with English subtitles.

It's cold outside, so celebrate Christmas in July with this cosy and heartwarming film about community, friendship and family.

She finds herself in a small town and, seeking shelter from the cold winter night, she sneaks into a house on Cobbler Street. The house is owned by Shoemaker Andersen, a grumpy old recluse who cherishes his solitude and has no intention of spending Christmas in the company of a funny, mischievous girl like Stine. However, as much as Andersen resists being won over by Stine, she slowly melts the ice around his heart, and their encounter with each other ends up taking both of their lives in a new direction.

Just Super

Director: Rasmus A Sivertsen • Norway • Language: English
2022 • 76 mins • Recommended for ages 6+

DRESS UP!

A fun and gentle superhero story that champions some of the overlooked and not so obvious abilities that can save the day.

Hedvig is an 11-year-old gaming enthusiast who finds her life turned upside down when she is forced to replace her father as the town's resident superhero, Super Lion, much sooner than expected. Awkward and clumsy, Hedvig is not the ideal of what a superhero should be, and the challenges she faces to live up to the destiny forced upon, and her father's expectations, are far greater than anticipated. Hedvig's dad decides his focus must shift to his athletic and arrogant nephew Adrian instead. Dejected and confused, Hedvig visits her grandmother and an unlikely team emerges. Soon Hedvig is about to fulfil the family legacy without her father's knowledge and by using her own particular skills and abilities.

Dress up as your favourite super hero to win prizes at select sessions.

But when she has to move to the Netherlands, everything changes. Fortunately, Rose does not take too long to make a new best friend and she is soon invited to try out for her new school's girls' soccer team. However, not everyone welcomes her with open arms, as her talent on the field is not warmly embraced by all of her new teammates. Can Rosi realise her dream of getting into the Dutch national team without creating jealousy, conflict and putting her new friendships at risk?

My Freaky Family

Director: Mark Gravas • Australia, Ireland • Language: English
2024 • 86 mins • Recommended for ages 8+

DRESS UP!

When it comes to freaky families, the *Addams Family* and the *Munsters* seem like the *Brady Bunch* when compared to the *Floods* in this ghoulishly funny Australian and Irish animation.

Betty is just like any regular 13-year-old. She goes to a normal school, has normal friends, and does normal things. Which is precisely the problem, because Betty Flood's family is anything but normal. They are a magical, eccentric family from a faraway kingdom, hiding in the sleepy little town of Misty Falls. Betty loves her freakish family and wants to be just like them...but for that, she needs to learn magic.

An all-star voice cast includes Evanna Lynch (Luna Lovegood from the *Harry Potter* films) and Ardal O'Hanlon (Father McGuire from *Father Ted*) as well as local stars Miranda Otto and Richard Roxburgh.

Dress up in your scariest Halloween costume at select sessions to win prizes!

The new film from the acclaimed Irish animation studio Cartoon Saloon (*Wolfwalkers*, *My Father's Dragon*) is a wondrous and joyful celebration of nature, narrated by Chris O'Dowd.

Young puffin Oona, along with her baby brother Baba, May the rabbit, and Mossy the pygmy shrew are just some of the residents of Puffin Rock who are excited to welcome new arrivals to their small island colony. But when the last Little Egg of the season disappears under mysterious circumstances, Oona and her new friends race against time to bring the Little Egg home before a big storm hits Puffin Rock and puts the entire island in danger.

It's an action-packed story which celebrates our magnificent natural environment, and features themes of belonging, courage and friendship.

Thabo and the Rhino Case

Director: Mara Eibl-Eibesfeldt • Germany, South Africa • Language: English
2023 • 96 mins • Recommended for ages 8+

“A wonderful family film about real troubles and explains complex issues like poverty, animal rights, and prejudice without being heavy-handed or condescending.”
— *Film Threat*

Eleven-year-old Thabo lives with his uncle, a ranger in a wildlife reserve in the southern African country Eswatini, and dreams of being a private detective, just like in the movies. If only his home, the small village of Hlatikulu, was not such a peaceful savannah paradise. But things take a sudden turn when one day, on a tourist safari, a rhino that has been murdered for its precious horn is discovered. When Thabo's uncle, of all people, falls under suspicion, it is up to Thabo and his new friend Emma, who is visiting from Germany, to not only take care of the abandoned baby rhino but also investigate and capture the real culprits.

Based on the popular series of children's books by the award-winning German author and children's literacy activist Kirsten Boie.
